Contact Phone #: _____

OR

Possible Lead Paint Hazard – Presence of deteriorated paint on property built before 1978

Address: _____

Occupant Name: _____

Occupant Phone # _____

Primary Language of Occupant _____

Health & Safety Code Definitions:

“Deteriorated lead-based paint” means lead-based paint or presumed lead-based paint that is cracking, chalking, flaking, chipping, peeling, non-intact, failed, or otherwise separating from a component.

“Lead hazard” means deteriorated lead-based paint, lead contaminated dust, lead contaminated soil, disturbing lead-based paint or presumed lead-based paint without containment, or any other nuisance which may result in persistent and quantifiable lead exposure.

“Lead-based paint” means paint or other surface coatings that contain an amount of lead equal to, or in excess of:

- (a) one milligram per square centimeter (1.0 mg/cm²); or
- (b) half of one percent (0.5%) by weight.
